Vida's Way isn't just a community, it's a tribute to generations who cultivated the land with heart and grit. Storytelling by design was our main approach to honor the legacy of the DePue family ranch, this amenity-rich neighborhood blends timeless heritage with modern living. The Clubhouse features a game room, fitness center, watering hole bar and a resort-style pool with splash features. Also, on site are pickleball courts, a covered playground, cornhole, BBQ area, firepit and Vidas Bloom the community garden.
